

2022

Recognisable but Different

Like churches around the globe, we are 're-finding ourselves' post COVID. Whilst we have weathered lockdowns relatively well, we are slowly re-discovering finding our 'rhythms of community' again.

New Building

Over the last year we have moved worship buildings from the suburbs of Bron into the heart of the city.

There is evidence this has been a good move making joining together more easy.

We are really glad to start doing Alpha again, it feels like a long time since we have been able to host the course in person. Our prayer is that there might be a joyful (re)discovery of Jesus.

Local and national leaders from the Roman Catholic, Protestant, Evangelical, Baptist, Cameroonian and Anglican church gather around to bless Peter Hanson at his licensing service in March 2022.

Associate Missioner

It has been a joy to welcome Peter Hanson to Lyon who has joined us to serve as an 'associate' minister. Peter is jointly 'employed' by both Trinity Church Lyon in partnership with the Eglise Protestante Unie de France de Lyon. His mission is to create bilingual mission and outreach locations, events and opportunities.
