## NOTRE PRÉSENCE EN FRANCE

A few words following the interest in the JRS - Welcome ministry following Bishop Robert's session on Refugees today. JRS - Welcome have been an excellent organisation that we have served with in Lyon. They welcome refugees, accommodate and accompany them through their integration process in France. Typically a refugee in the Welcome programme arrives in a host home, and are attached to a personal 'mentor'. After 4-6 weeks the refugee is then moved to a new 'host' but keeps their 'mentor' - indeed this is someone who will journey with them through out the process. Typically JRS look for both hosts and mentors, they often need English speakers because many of the refugees speak English better than french. Contact your local JRS branch, say that you are part of the Anglican Church and see if you can help. Their website in France is
